**LIST OF PUBLICATIONS**

1. Relationship of Fovea Palatine to anterior vibrating line as a reliable guide in determining posterior limit of maxillary denture. International Journal of Scientific Research 2017;6(4):262-4.
2. A comparative evaluation of antifungal and viscoelastic properties of a tissue conditioner after addition of various anti-fungal agent: An in-vitro study. European Journal of Pharmaceutical and Medical Research 2017;4(6):515-20.
3. Comparative evaluation of stain removal and flexural strength of denture base acrylic resin by using two different denture cleaners: An in-vitro study. International journal of scientific research 2017;6(6):232-4.
4. Comparable evaluation of microbial adherence on heat activated polymethyl methacrylate denture base resins after being polished by three commercially available polishing agents. International journal of current research 2017;9(8):55728-31.
5. Effect of addition of various antifungal agents on physical and biological properties of a tissue conditioner: An In –Vitro study. Adv Pharm Bull 2017;7(3):485-490.
6. Evaluation of papilla –incisal distance with different shapes of incisive papilla. International journal of scientific research 2016;5(3):1341-2.
7. Lasers in implantology: A potential science. Chronicles of dental research 2016;5(2):13-6.

8. Post-operative status of two periodontal dressings: A questionnaire based assessment. Bangladesh journal of dental research and education 2016;6(2):59-62.
9. The influence of implant length, angulation and abutment angulation on stress distribution pattern: A Three Dimensional Finite Element Analysis. Research & Reviews. Journal of Dental Sciences 2016;4(3):104-113
10. Comparison of temperature rise in pulp chamber during polymerization of materials used for direct fabrication of provisional restorations: An in-vitro study EJP: 2015; 9(2); 1-7.
11. Innovative dual impression technique for patients with atrophica mucosa oris. JIPS 2015;15:11-4
12. Prosthodontics-Past, Present and Future. Chronicles of Dental Research 2015;04:21-23
13. The Bending Mandible. Eur Dent J 2015;2:30-2
14. Prosthodontic rehabilitation by restoring grossly decayed multirooted teeth using split cast post and core: A case report. Chronicles of dental research 2015;4(2):36-9.
15. Gingival Pigmentation Revisited. Int J Dent and Health Sciences 2015;2:840-51
16. Gingival depigmentation –An array of treatment modalities. International journal of recent scientific research 2015;7(11):7627-31.
17. The new face of planned implant dentistry: A Brief Review. Chronicles of Dental Research.2015;04:10-12.

18. Implant supported mandibular over denture with bilateral balanced occlusion: A Case Report. J oral health and community dent. 2015;09:44-6.
19. Effects of various surface treatments of heat cure polymethyl methacrylate denture bases on the tensile bond strength of soft liners. International J Oral care and research 2015;3(9):1-5.
20. Immediate Overdenture-A treatment option for bone preservation. J medical science and clinical research 2015;3(1)3879-82.
21. Prosthetic recreation of the lost functions and esthetics of a patient with large palatal defect due to squamous cell carcinoma of palate: A case report. Asia Pacific dental journal. 2015; 2(1)
22. Review on stereolithography and its bio-medical applications. Guident, 2015;8(7): 14-18.
23. Vertical and horizontal proportions of face and their correlation to phi among Indians in Moradabad population: A survey. JIPS 2015;15(2):125-130.
24. Effect of different implant length on stress distribution around dental implants. International Journal Of Scientific Research 2014;3(3):59-61.
25. Impression – digital v/s conventional: A review. Annals of Dental Speciality 2014;2(1):9-10.
26. Shortened Dental arch: A contemporary review. Chronicles of dental research 2014;3(1):16-20.
27. Papillon-Lefevre syndrome: Reporting consanguinity as arisk factor. The Saudi Dental Journal 2014; 26: 126-131.

28. A comparative evaluation of impact strength and residual monomer content in denture base resins processed by compression and injection molding technique. International journal of enhanced research in medicines and dental care,2014; 1(2): 23-29.
29. A holistic approach to full mouth rehabilitation. Journal of research and advancement in dentistry. 2014;3(2s): 28-42.

31. Comparative evaluation of retention of prefabricated and conventional cast post: An in- vitro study.Journal of International Society of Preventive and Community Dentistry 2014; 4(2): 87-91.
32. Virtual smile design: A case report.Chronicals of dental research 2014;3(2): 28-31.
33. Effect of preparation taper, height and marginal design under varying occlusal loading conditions on cement lute stress: A three dimensional finite element analysis JIPS 2014;14(suppl 1):110-118
34. Role of saliva as biomarker for periodontal diseases. Indian journal of applied Research, 2014;4:375-378.
35. Comparison of dimensional stability and surface detail reproduction of two elastomeric impression materials under dry and moist conditions at varying time intervals. International Journal Of Scientific Research 2013;2(4):261-262.
36. Dental erosion and its management in clinical practice. Chronicles Of Dental Research 2013;2(3):4-9.

37. A magnet retained two piece( open + closed) hollow bulb obturator for a completely edentulous patient operated for maxillary resection. International Journal of Prosthetic Dentistry 2013;4(1):438-442.
38. Dental esthetics – Dentist’s evaluation of layman’s perception. BFUDJ 2013;4(3):1-6.
39. Zone of minimal conflict: The mystery unveiled-An overview.Journal of Dental &Allied Sciences 2013;2(1):27-31.
40. Non specificic conditioned enlargement (pyogenic granuloma): A case series. IJSR 2013;2(6):444-6.
41. Prosthodontic rehabilitation of a patient with severely resorbed mandibular ridge: A Case report.Chronicals of Dental Research, 2013;2(2):38-42.
42. Study of stress pattern on teeth in obturator patient- A finite element analysis. Journal Of Indian Prosthodontic Society Supplementary-1;2012;38-43.
43. An evaluation of flexural strength of different provisional restorative materials- An In-Vitro Study. Indian Journal Of Dental Sciences 2012;4(3):17-19.
44. Effect of chemical disinfection on dimensional stability of polyether elastomeric impression material. Journal Of Pierre Fauchard Academy 2012;26:132-136.
45. Complete rehabilitation of an ectodermal dysplasia: A Case Report. Journal Of Contemporary Dental Sciences 2012;2(1):48-53.

46. Functionally generated pathway: A way to harmonious occlusion. *Chronicles Of Dental Research* 2012;1(2):21-23.
47. A comparative evaluation of tissue response to commercially available denture adhesives – An In Vivo Study. *J Indian Prosthodont Soc*- 2012; S -1:59-66.
48. Resin bonded maryland bridge. *Journal Of Dental Sciences& Oral Rehabilitation* 2012;63-65.
49. Prosthetic rehabilitation of patient with orbital Prosthesis: A Case Report. *Chronicles Of Dental Research* June 2012;1(1):40-42
50. Effect of incorporation of silane treated silver and aluminium microparticles on strength and thermal conductivity of PMMA. *Journal Of Prosthodontics* 2012;1(6):1-6.
51. Lasers-changing the face of dentistry. *Indian Journal of Public Health Research & Development* 2012;3(1).
52. Interdisciplinary Approach for Rehabilitation of A Patient with Amelogenesis Imperfecta. *Journal Of Advanced Oral Research* 2012;3(1):19-22
53. A Review of prosthodontic management of flabby ridge conditions in maxilla and mandible by non invasive technique and with the use of contemporary materials. *Guident*2012;5(2): 24-32.
54. Case report: Two piece hollow bulb obturator for post-surgical partial maxillectomy defect in dentulous patient. *Indian Journal Of Basic And Applied Medical Research*2012;2(5); 438-442.

55. A CAD CAM Prosthodontic option and gingival zenith position for a rotated maxillary right central incisor: An evaluation. Indian journal of Prosthodontic research:2012;23(1):112-115
56. Cocktail impression technique: a new approach to atwood's order VI mandibular ridge deformity. Journal Of Indian Prosthodontic Society 2011;11(1):32-35.
57. Twin occlusion: A solution to rehabilitate hemimandibulectomy patient- A Case Report. Journal Of Indian Prosthodontic Society 2011;11(4):254-257.
58. Computer assisted implantology- An emerging era in dental implants. Indian Journal Of Dental Specialities & Research 2011;29(2):63--66.
59. In vitro evaluation of cytotoxicity of denture adhesives. Indian Journal Of Dental Research,2011;22(4):526-529.
60. Gingival retraction made easy: newer concepts. Clinical Dentistry 2011:59-64.
61. Sjogren's syndrome – prosthodontic complications and its management. Clinical Dentistry 2011;67-71.
62. Prosthodonticrehabilitation of a dentulous patient affected with florid cement-osseous dysplasia.Clinical Dentistry 2011;78-82.
63. Conservativemanagement of a complicated crown fracture – A case report. Journal Of Dental Sciences&Oral Rehabilitation 2011;46-8.
64. Prosthodontic-restorative inter relationship –A major junction.Journal Of Advanced Dental Research 2011;2(1):7-11

65. Bio-materials in dental implants: an overview. International Journal Of Oral Implantology And Clinical Research 2011;2(1):13-24
66. Dental management of patient with ischemic heart disease: A Clinical Update. Indian Journal Of Oral Sciences 2011;2(2):35-9.
67. A conservative approach for the severely resorbed mandibular residual ridge patient – A Clinical Report. Indian Journal Of Dental Sciences And Research 2011;29(2):96-7.
